## GHG & Energy Management Software

# Drive Business Growth with GHG & Energy Reporting

**Caring about the environment and having the skills to effectively manage your greenhouse gas (GHG) emissions or energy consumption are two very different things.**

GHG and energy management data collection can be a nightmare, especially if you're newer to ESG.

**VelocityEHS GHG & Energy Management** software automates and simplifies the collection, validation and reporting of your GHGs and energy data. Easily manage shifting environmental policies as well as investor and supply-chain partner requirements.

## Core Capabilities:
